

# UK News Mirjam Janse

July/August 2015

Dear fellow travellers,

someone said to me last week 'I am well, but like everyone I'm on the roller coaster ride.... like it or not! I must say sometimes I just want to take the back seat and other times I just love it!

Do I recognize that! I'm sure you do too, even when you can't point out what it is that makes days pass as a twinkling of an eye, leaving you wondering what on earth changed! Just hearing the worldnews certainly encourages to keep ones eyes and ears open! My work as a healer and clairvoyant forces me to stay alert and that is a real challenge!

I returned to the UK to enjoy the summer and to do some work as a healer and a coach. If you like to continue your journey with me or gathered the courage to take on the adventure of meeting yourself and therefore would like to book a session with me, let me know.

## Friday 31 July, Saturday 1th and Sunday 2th August

I will speak at The Second International Bases Conference and Film Festival in Marlborough. That is next week! I will give a lecture titled '**Dare to Fly**' on Sunday morning 2th August. It is at St John's Theatre on the Hill, Granham Hill, Marlborough, SN8 4AX Wiltshire, UK.

Have a look at <https://thebasesproject.org/bases-project-international-conference/>

You can book a private session on **Friday 31 July and Sunday 2 August** in the afternoon. Since the Bases Project aims at indicating the threatening situation we are in worldwide I'm asked to do implant scans as well.

**Wednesday 5th and Thursday 6th August** I will be in London to do private sessions.

On **Saturday 8th August** I give a Workshop called '**Celebrate your 6 senses**' in the Wellbeing Clinic in Marlborough. When the weather permits we go to the woods!
